Country : Nepal

Participated As: Team

Proposed subject: Islands of Our Bodies

This multimedia project is an inquiry into the bodies of women. Through abstractions, fantasies, and the realities of the physical body, it explores the implications of dealing with one's body on intimate terms. How can bodies and their stories connect us? How can they disconnect us? What can be revealed that has not been revealed before? Such questions are the basis of the artists' journey into understanding the inner life of bodies themselves.

Cyber Park | A Virtual Summit for Post-Truth Symbiosis: Cyber Park Virtual Summit is an international research and exchange platform for glocal post-conceptual practice around the cyber-culture in a virtual model. Cyber Park is dynamic and also fluid by the principal nature that allows plural perspective, conceptual temporality, post-continuity, the culture of pixelations, the notion of cyber interruptions, and also questioning the forms and traditional relationship with fore and background. It is an open-source initiative in collaboration with [Tracing A City](#).
