

Name : lobzang zangpo(He/Him)

Country : Bhutan

Participated As: Artist

Proposed subject: Nostalgia

Nostalgia: Sound and Silence are present in our daily activities which involves human interaction. In my present work, people create sound through whistling, thus, interacting and making themselves one with nature around them(park).

I'm trying to convey the message that in the difficult ERA of personal and humane connection, nature can act as a bridge to bring people together and to create art.
