MANIFESTO

TRANSNATION is a necessary and immediate response to the threats made against the lives and democratic freedoms of our fellow artists, cultural workers, and people around the world. We stand in solidarity with all those oppressed by authoritarian regimes in their struggle for democracy and social justice. We are devoted to protecting all artists, cultural workers, and people against any form of state harassment and repression. We will defend civil liberties and uphold the people's democracy.

Upon this occasion, TRANSNATION demands the Myanmar military – whose violent coup intends to reinstate a military dictatorship – end their brutality and martial law.

Cyber Park is dynamic and also fluid by the principal nature that allows plural perspective, conceptual temporality, post-continuity, the culture of pixelations, the notion of cyber interruptions, and also questioning the forms and traditional relationship with fore and background. It is an open-source initiative in collaboration with [Tracing A City](#).
